

Customer testimonials

"I am constantly impressed with the service I get with iQ, and how accessible it is. I will (and indeed have) recommended you to others and will continue to do so."

"I subscribed to both iQ Employment Manager and Health & Safety Manager as it was a good value for money option for our business. The Legal Manager Helpline is worth its weight in gold. As opposed to being charged a small fortune each time I speak to our usual City Lawyer, I know that if I need to, I can ask unlimited questions throughout the year for a fixed cost."

"I would just like to say how pleased we are with the iQ Business software packages we had from you. I mainly use Health & Safety Manager and Employment Manager which I have found extremely useful and have saved myself and the company hours of work, they are informative and easy to use. I just can't tell you in words how useful they are. Many thanks for a first class product."

"We have been using both Health & Safety Manager and Employment Manager which we have found to be extremely simple and easy to use. We have been impressed by the format and the availability of up to date business information that contributes to the overall efficiency of our company."

"So far I've implemented both the Health & Safety Manager and the Employment Manager. They are very easy to use, very informative and very easy to extract from. Thank you!"

"As a small company with no specialist expertise in the complexities of employment law and good practice, or in requirements to cover our staff's health & safety, we have found iQ Business a real help in setting up the appropriate systems, giving us confidence as we grow and change that we have not overlooked vital aspects of business."

"Our company has been using the services of iQ Business for a good number of years now, like most industries they have competitors but we feel strongly each time renewal comes up that we wouldn't consider 'looking around' the market as their product services and customer service is absolutely first class and they have never failed us once. iQ always go the extra mile to ensure the customer is looked after properly and have always delivered on all counts. We feel like a valued customer. I wouldn't hesitate to recommend and have done many times."

"As a busy administrator of a small business I find the iQ Business packages very useful and the free updates means I am up to date with frequently changing employment legislation at all times. It saves me time as I don't have to search for updated information. I also find having free legal support available from the specialist legal advice lines for Employment and Health & Safety a key benefit of the package."

"I have subscribed to iQ products and services for 6 years and have found both to be of great value to me in my roles as a freelance HR consultant and trainer and as a lecturer in Human Resource Management. I specifically use the Employment and Health & Safety products to keep myself up to date with current legislation and practice. When I have used the legal helpline I have found the service to be efficient and fast giving me the information I require when I need it. I will definitely be continuing to subscribe to iQ products."
